OUR HISTORY

Brandermill Church Preschool is a half-day program operated at The Brandermill Church since 1981. It is a non-profit and religious exempt organization. Brandermill Church Preschool annually completes and submits proof of inspections and required information for religious exemption from licensure per the law of The Commonwealth of Virginia. We use several classrooms and the Fellowship Hall for most of our activities. Our outside activities take place on the preschool playground and church grounds. The Brandermill Church carries public liability insurance which includes our preschool program. We do not prepare or serve meals or provide transportation as part of our program. We serve a maximum of 160 children. Brandermill Church Preschool is proud of its history in providing an excellent preschool education in a loving Christian environment. Brandermill Church Preschool is a ministry of The Brandermill Church.

CHRISTIAN TEACHING

The preschool is open to people of all religious faiths. The Preschool curriculum is designed so children learn and develop communication skills, beginning academic readiness, motor skills, and values consistent with the Christian faith. Christian faith is proclaimed through actions of love, grace, generosity, gratitude, forgiveness, and stewardship. The children say a blessing/grace before snack. Chapel is held monthly and led by the Senior Pastor with support from The Director of Children's Ministry and in conjunction with the Director to provide age appropriate lessons and music.

The children and families are invited to participate in worship at TBC. The pastor is available to counsel and support staff and families as needed.

EDUCATIONAL PHILOSOPHY

The purpose of the weekday education program is to provide quality care and instruction for preschool age children that will promote their mental, physical, emotional, social, and spiritual development.

Each child is an individual, unique in his or her stage of development, learning style, and interpersonal relationships. Therefore, it is the goal of the teachers in our preschool to meet the diverse individual needs and interests of your children to develop their self image and feelings of self worth in a positive manner, encourage their spiritual development, and enable them to reach out for new experiences and ideas.

Since children learn best by being active participants in the learning process, an activity-oriented discovery approach is used in our program. The natural interaction involved in an activity approach allows for an attitude of cooperation and helpfulness, and encourages the acceptance and development of appropriate responsibilities.

GOALS AND OBJECTIVES

The goals and objectives of the program are designed to meet the needs of each child through a “hands on” developmentally appropriate approach. Each class, through its curriculum, will provide opportunities for your child to grow and develop in these areas:

- Develop oral language skills
- Increase self confidence
- Become more independent
- Begin to use problem solving strategies
- Work to display attitudes of kindness, helpfulness and cooperation with others
- Develop fine and gross motor skills
- Broaden individual interests
- Experience music and movement in a variety of ways
- Develop early reading, writing and math skills
- Participate in daily reading activities
- Improve social skills
- Strengthen skills in listening
- Follow simple directions and accept limits
- Use a variety of supplies to create artwork
- Expand their imagination
- Begin to develop a lifelong love of learning

TERMINATION OF SERVICES

Children enrolled will be expected to continue in classes throughout the school year. **Thirty days** written notice at the beginning of the month is required to withdraw a child without obligation to pay further tuition.

If tuition payments are more than two months behind and arrangements have not been made for payment, your child might be withdrawn from the program. Students with past-due accounts are ineligible for Lucky Lunch and registration for the upcoming year until the account is current.

The Brandermill Church Preschool reserves the right to ask parents to withdraw a child if he/she is unhappy, not ready for the preschool experience, or making it difficult to maintain a happy or safe atmosphere in the classroom. This includes biting, hitting, or other acts of aggression.

It is vital to safeguard the health of all children enrolled at Brandermill Church Preschool. Each child will be given a daily health screening upon arrival. If your child is ill and will not be coming to school, we ask that you call the Preschool office and leave a message or email the preschool. Please notify the Preschool immediately if your child has a contagious disease or illness so that other parents in the class can be notified. The notification will not contain your child's name. If your child has a classmate who has a life threatening allergy to a food product you may be asked to limit or exclude this food from snacks/lunches. Please adhere to these restrictions. We appreciate your understanding in this matter.

If your child does have food allergies, please send approved snacks to have in the classroom and share any needed accommodations with the Director and your child's teacher before school begins.

Clothing

- Think of your child's comfort during all school activities by having him/her wear clothes that are simple for toileting, are washable, and are sturdy for playground activities. Shorts or pants, comfortable shirts, and tennis shoes will maximize your child's opportunities for physical development. Please do **NOT** send your child to school in their very best clothes or shoes. Preschool is a fun place to play and learn, and we do get a little messy at times.

ADDITIONAL INFORMATION

Discipline

Proverbs 10:17 tells us "He who heeds discipline shows the way to life, but whoever ignores correction leads others astray." It is our desire for Brandermill Church Preschool students to be salt and light in the world, showing others the way to live and not leading others astray!

Children cannot become self-disciplined unless adults teach them right from wrong. At Brandermill Church Preschool, children will be taught the expectations for correct behavior and encouraged to act accordingly.

The following behaviors are considered disruptive:

- Requiring constant attention from the staff
- Inflicting physical or emotional harm on other children, adults or self
- Disrespecting people and materials provided in the program
- Disobeying the rules established to enable a community of learners
- Verbally threatening other students and/or staff

- Using verbal or physical activity that diverts attention away from the group of children

A very important part of the preschool experience is helping children learn how to get along in the world and how to enjoy being with other children as well as following the direction of an adult other than their parents. The teachers will focus on the positive behaviors of the children and reinforce those behaviors as often as possible.

Our discipline policy will consist of the following strategies:

- Encouraging children to "use their words" when having a disagreement with another child.
- Facilitating children in their attempts to settle their own disputes.
- Redirecting behavior.
- Separating a child from the group to manage emotions and keep everyone safe.
- Counseling children individually about their behaviors.
- Making parents aware of disciplinary concerns.
- If the behaviors persist to a state considered chronic or extreme, a conference with the family to find the best solution for the student may be needed. It may be necessary for the child to be sent home for a time (to be determined) or removed from the preschool program altogether.
- Parents should note that information about other children cannot be disclosed in your child's accident/incident reports. This is in keeping with our confidentiality practice.
- Corporal punishment is not used at Brandermill Church Preschool.

Roster

A classroom roster may be distributed for children in your child's class or shared via email/communication app. We will list the name, address, phone number, and e-mail address of each child per classroom. If you prefer that ONLY your child's name be included in the directory, please indicate this by NOT signing the release of information segment on the form in the Parent packet. We hope you will find this helpful as you plan birthday parties, play dates, carpools, etc. throughout the school year.

Conferences and Progress Reports

- To establish communication between the preschool and home parent-teacher conferences will be held. During these conference times, your child's teacher will review how your child is adjusting to school and answer any questions you may have.
- Written progress reports will be completed by your child's teacher and are typically prepared twice per year.
- Regular communication between parents and teachers is encouraged.

Items from Home

- We encourage children to share so your child's teacher may schedule regular "Show and Tell" times. Your child's teacher may also ask that certain items be brought in to enhance a unit of study.
- Please do not send valuable toys or ones your child may have trouble putting away after sharing.
- Toys and items brought in at times other than "Show and Tell" must remain in your child's backpack during school hours.
- Please do **NOT** send **hand sanitizer** or **any medications** in your child's backpack or attached to it. This is a hazard for preschoolers.

Security and Emergency Procedures

- The school/church doors are locked to the outside during school hours. The doors to preschool are restricted access by a security key. All visitors must check in at the front reception desk.
- All of our classroom doors are equipped with safety locks. The door can be locked to the outside to prevent someone from entering but are always unlocked from the inside.
- Each classroom has a walkie talkie for communication.
- Classes may have mock Fire Drills. All preschool staff are trained to follow Emergency Procedures in the event of a real emergency.

CHILD ABUSE AND NEGLECT

The Brandermill Church Preschool abides by the Commonwealth of Virginia's mandates for reporting child abuse and neglect and the Child Protection Policy of The Brandermill Church.
